## OUTSIDE AND INSIDE FABRICS

- Cases that are Made in the USA are manufactured using Cordura®, a tough Dupont® 1000 denier nylon fabric exterior and 430 denier nylon pack cloth lining which are water repellent and tear resistant.
- Vinyl products are made of a coated nylon that resists blood borne pathogens with a slick fluid proof surface that can be easily cleaned and disinfected that is also flame retardant, cold crack resistant to -40° and puncture resistant

## HANDLES AND STRAPS

- Polypropylene web handles and straps
- Removable, adjustable shoulder straps with rubber pads

## FEATURES AND HARDWARE

- Heavy gauge black steel and Delrin® plastic hardware
- Reflective tape for night visibility
- Customized logos are also available, call for details

Fieldtex Products has been in business since 1943 as a manufacturer of industrial products. We have been involved in First Aid, Safety and Emergency Medical products as a manufacturer and a distributor for about 10 years. We stock a full inventory of products that continues to grow. Being a manufacturer allows us to provide customer designed products and unique printing requests. We enjoy customer relationships that date back many years. Not every company can say that. Quality is what Fieldtex is all about. Have an idea for a new product? Call us. We have excellent design capabilities. We look forward to working with you on your Safety, First Aid and EMS requirements.
